

We need you!! Join us to **CONNECT** and **PROTECT** our beautiful suburb of Farrar.

We invite you to join the residents of Farrar for our Farrar Community event.

Where: Phyllis Uren Park, Farrar

When: Saturday, 3rd October time. 10am-12pm

RSVP: 30th October

Palmerston is a beautiful place to live, largely thanks to our urban green spaces and natural waterways. But right now, our homes and a major piece of our local environment is under threat from the proposed **Farrar West development**.

As residents we are deeply concerned. A development of this scale—slated right next to our neighborhoods—cannot be allowed to move forward without full transparency and public consultation. Once an urban green space or a natural waterway is altered, **it is gone forever.**

- [Save Our Creek](#)
- [Protect Flora & Fauna](#)
- [Full Transparency](#)
- [Access to Residential Impact Studies](#)

Development should never come at the cost of our environment or community trust.

Our voices are powerful when we stand together.

Please help us protect the future of Palmerston.
